

A REPORT ON WORLD EARTH DAY 2022

Consumer Education and Research Centre

Environmental Information System (ENVIS), Resource Partner

Ministry of Environment, Forest and Climate Change

Every year on April 22, Earth Day marks the anniversary of the birth of the environmental movement in 1970. Earth Day is celebrated to raise awareness about the environmental issues affecting our planet. This year, the day is being marked with the theme ***‘Invest in our planet’***.

“To keep 1.5 alive, governments must have cut emissions by 45 per cent by 2030, and achieve carbon neutrality by 2050. Main emitters must drastically cut emissions starting this year. This means accelerating the end of our fossil fuel addiction. And speeding the deployment of clean renewable energy. At the same time we must invest rapidly in adaptation and resilience, particularly for the poorest and most vulnerable who have contributed least to the crisis. Let us make sure our leaders bring the ambition and action needed to address our triple planetary emergency. Because we have only one Mother Earth. We must do everything we can to protect her”

António Guterres, UN Secretary-General's message 2022

Consumer Education and Research Centre, MoEF&CC’s Environmental Information System (ENVIS), Resource Partner celebrated Earth Day by conducting various activities which are as follows:

Online Poster Making Competition on the theme of 'Your Idea of Eco-friendly Lifestyle'

- Annexure I

Poll

- Annexure II

Poster

- Annexure III

ANNEXURE-I

Online Poster Making Competition

EK BHARAT SHRESHTHA BHARAT

Theme: Your Idea of Eco-friendly Lifestyle

Open for all

Last date for Submission: 30th APRIL 2022

How to Submit:

- Prepare the poster and take a picture
- Fill the details and submit your entry on the following google form link:

<https://bit.ly/3uGBXvP>

Note: File(.jpg) size should not exceed more than 10 MB

Winners will be felicitated with e-certificates and showcased on our official social media platforms.
