

## 5 Creative ways to reuse newspaper at home:

- 1) Newspaper Bag: You can use this bag for gifting purpose or use it in any another way. It's quick and easy way to do and can use other decorative things to give a different and new look to news-paper bag. To make a bag from newspaper take a news-paper in rectangle shape and fold it such that folding paper is in square shape. Stick both folded ends. Then make a corner-triangle shape at bottom end. Stick them using glue and your bag is ready. Insert a thin string at the top of the bag and use it!!

- 2) Decorative Flower hair-pin using newspaper: It is simply an amazing idea for truly creative people. Girl's simple hair pin now looks more beautiful and attractive with the use of news paper. To make this beautiful pin first, cut small piece of paper from newspaper. Stick it on one end of hair pin. Cut one big piece from newspaper and give it a shape of different flowers by folding it. Stick it on that piece of paper at the end of the pin with the use of glue and your pin is ready!!

- 3) Lamp renovation using News-paper: Cut newspaper in same sized strips and then stick them on lamp using glue. Now lamp has its own beauty with newspaper. Now the light come from the lamp will look more beautiful than simple lamp.

4) Newspaper bowl: You can use this Best out of waste dish in day to day

use. Just make strips from newspaper and roll them round and round until it looks like a perfect bowl. You can also cut newspaper in same sized square pieces and stick them on regular bowl and colour it with favourite colour. It becomes more beautiful after it.

5) Wall decoration using old newspaper: Do you want attractive and beautiful walls in your house?
