REPORT ON WORLD EARTH DAY

Quiz: "Planet Earth"

Consumer Education Research Centre-ENVIS
Resource Partner

INTRODUCTION

The World Earth day recognizes the importance of the planet Earth and the need for its protection. Earth Day is celebrated every year across the globe on 22nd of April. On this day 50 years ago, Gaylord Nelson, founder of the Earth day stated the importance of “Environmental Education”. This Year’s theme is “Climate Action” and its celebrates golden jubilee anniversary.

MESSAGE BY UN CHIEF

“The more we are putting pressure on nature, the more it is impacting us. We have altered and impacted about 75 per cent of the surface of planet Earth. A process led us to where we are today. Healthy people and a healthy planet is part and parcel of the same continuum. Climate change could cause an even greater danger. A three to four degree warmer world is something we can’t even begin to imagine.”

Inger Andersen, Executive Director, UNEP

ONLINE QUIZ on ‘Planet Earth’

On the occasion of World Earth Day, Consumer Education Research Centre-ENVIS Resource Partner conducted a digital Quiz. A Quiz (Annexure I) consisting of 10 questions was prepared using google form. The link was circulated with schools’ children from STD 8th to 12th of 30 schools (via Email), CERC & ENVIS Staff (via Email & WhatsApp) and general public (via social media platforms like Facebook & WhatsApp). The questions were framed considering the objective of making citizens aware about the planet Earth. The present time requires the help of every individual to contribute towards the conservation of the planet. The total participants in the quiz were 425.

Link created:

An infographic on the result of the quiz was prepared (Annexure II). A poster on World Earth Day was also prepared for awareness and was circulated on various social media platforms. (Annexure III)

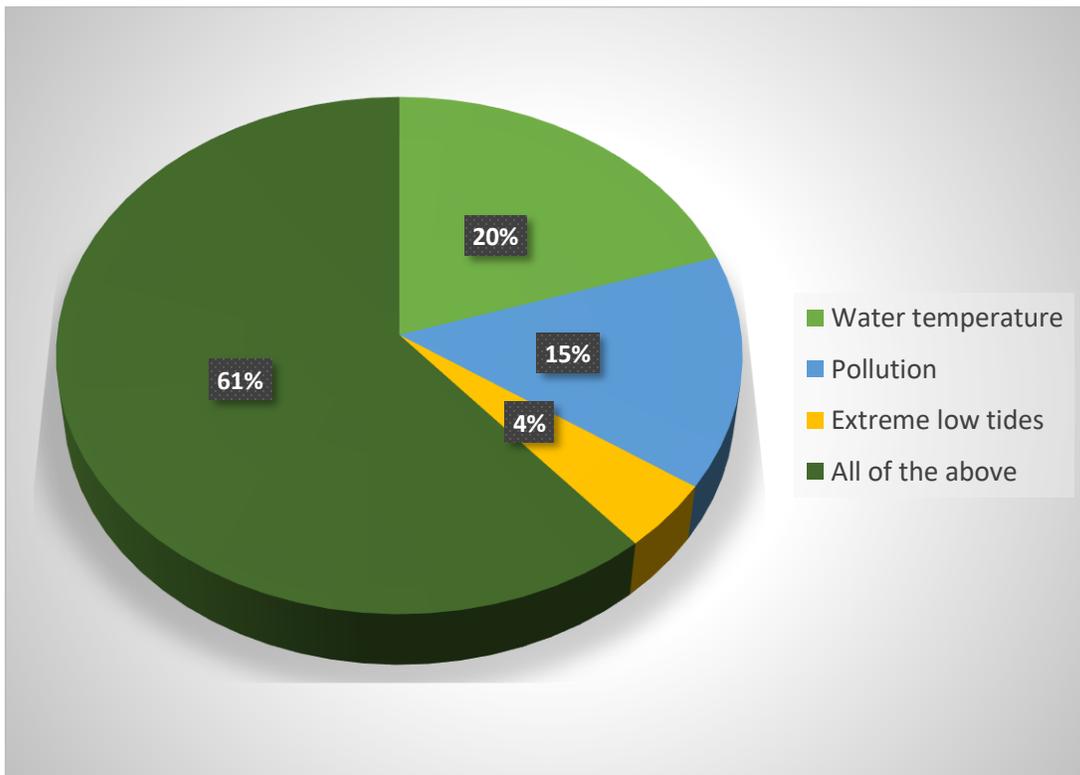

QUIZ RESULT

Following is the result of the Quiz on World Earth Day:

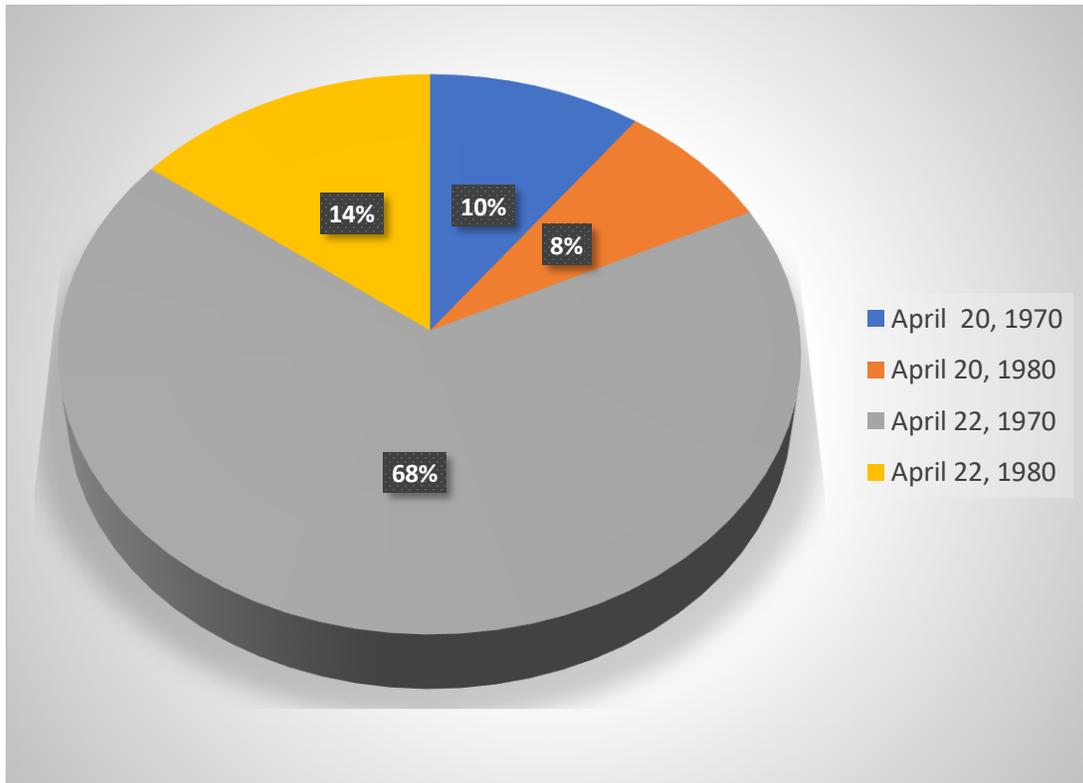

I) What is the theme of World Earth Day 2020?

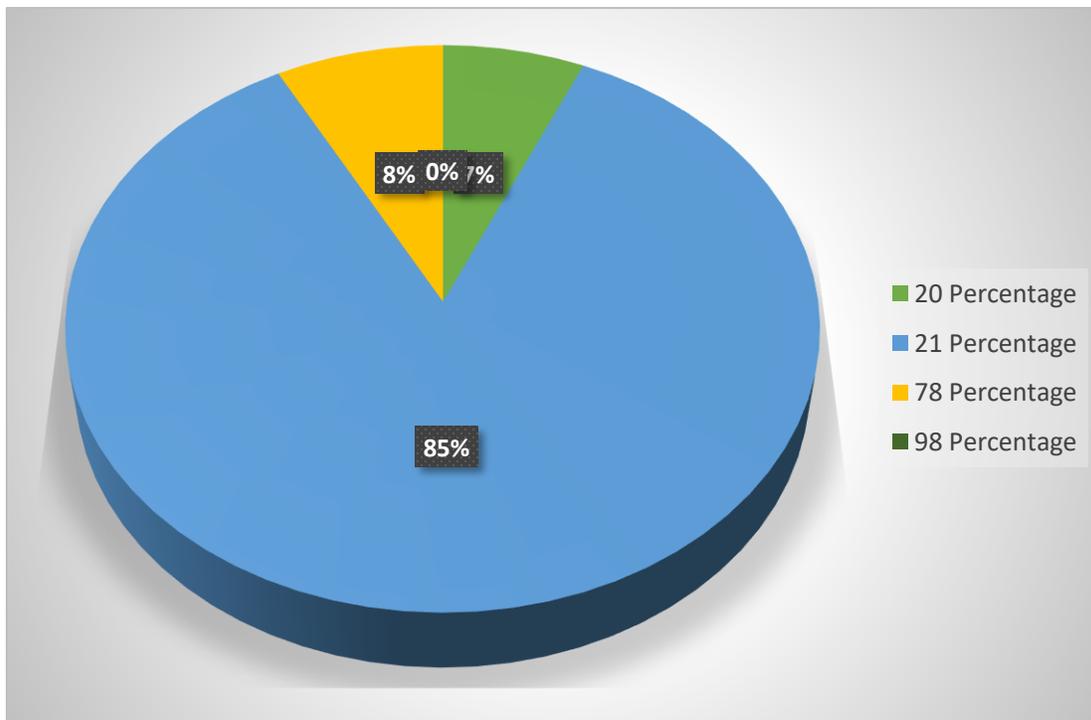

II) What are the causes of Coral Bleaching?

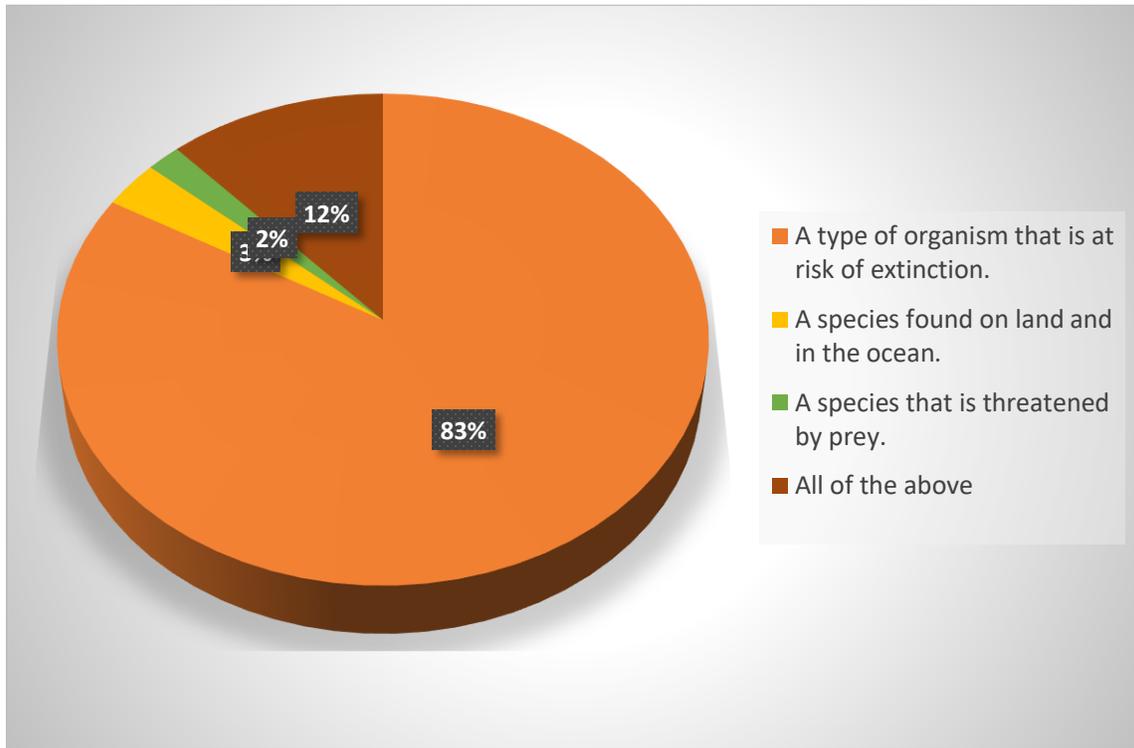

III) When was first World Earth Day was celebrated?

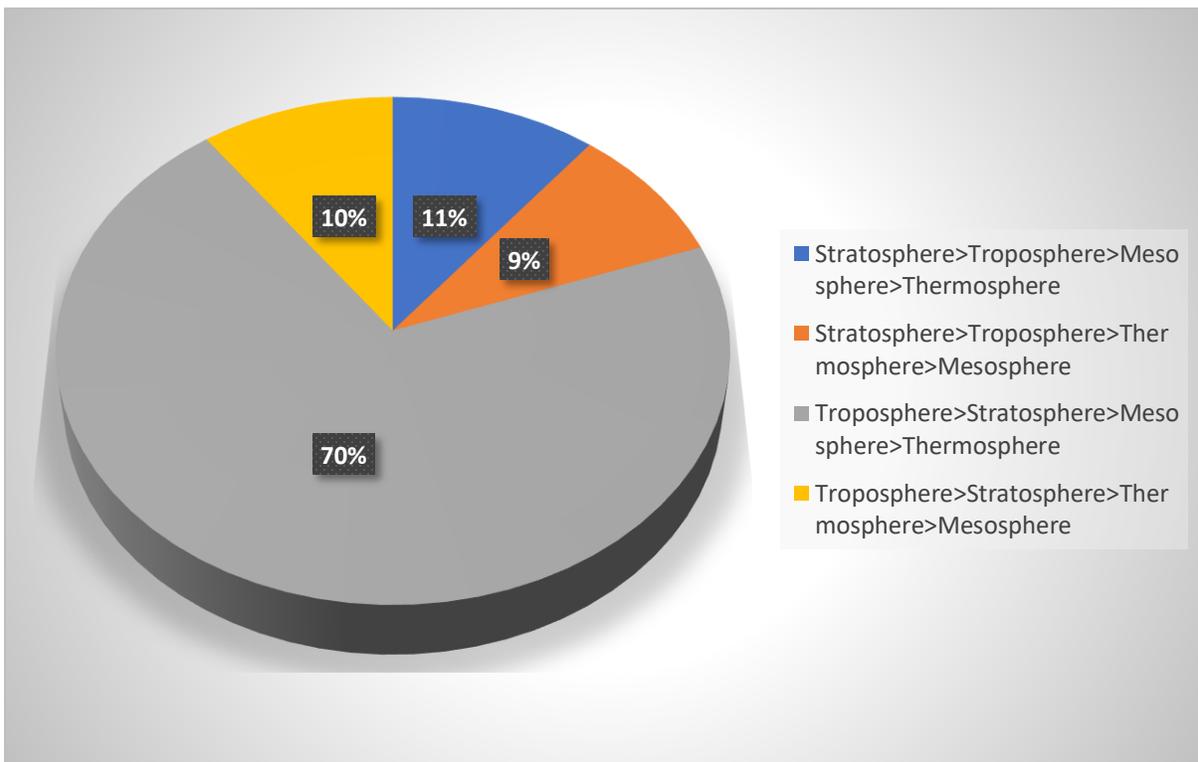

IV) What is the percentage of oxygen in the air?

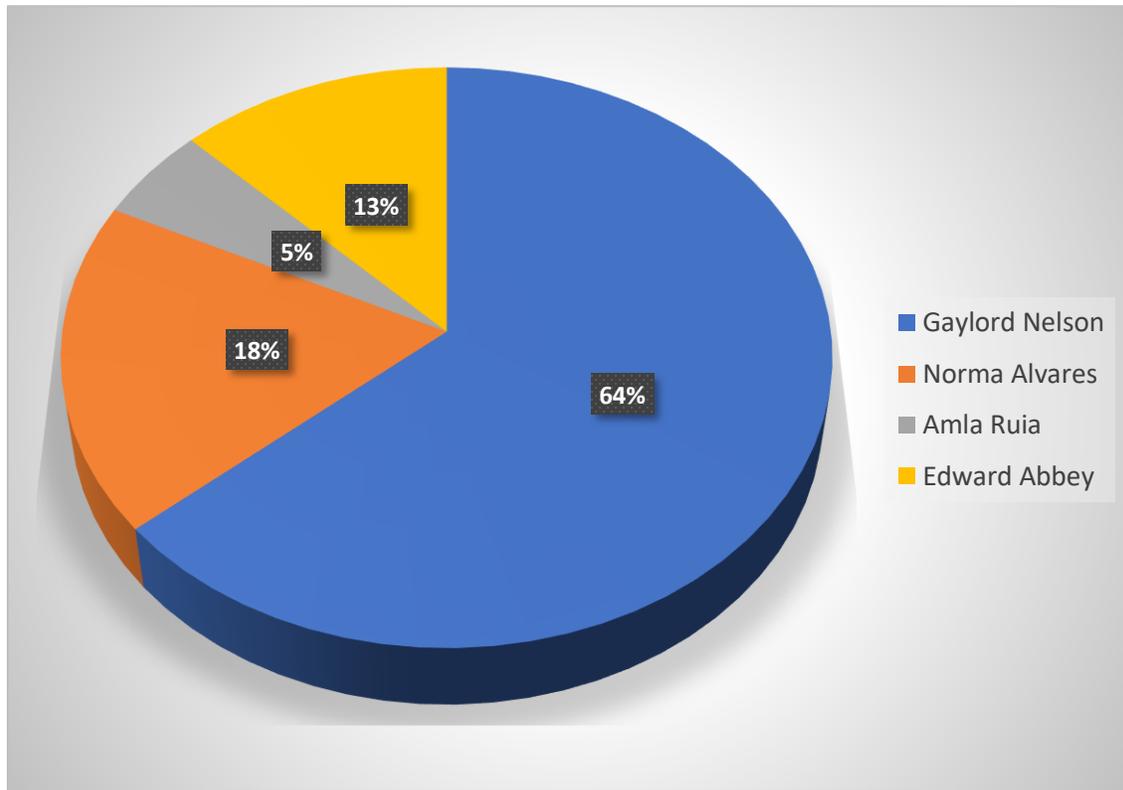

V) What is an endangered species?

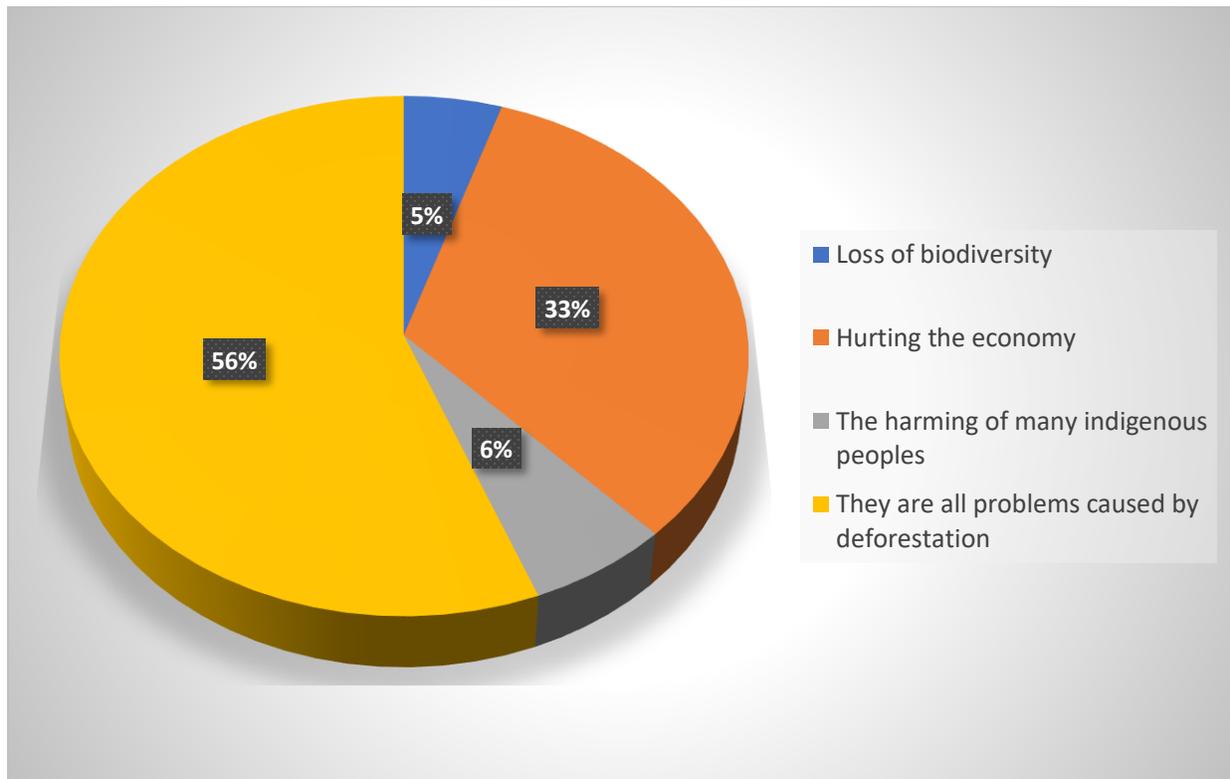

VI) Which one of the following series of layers of atmosphere is correct?

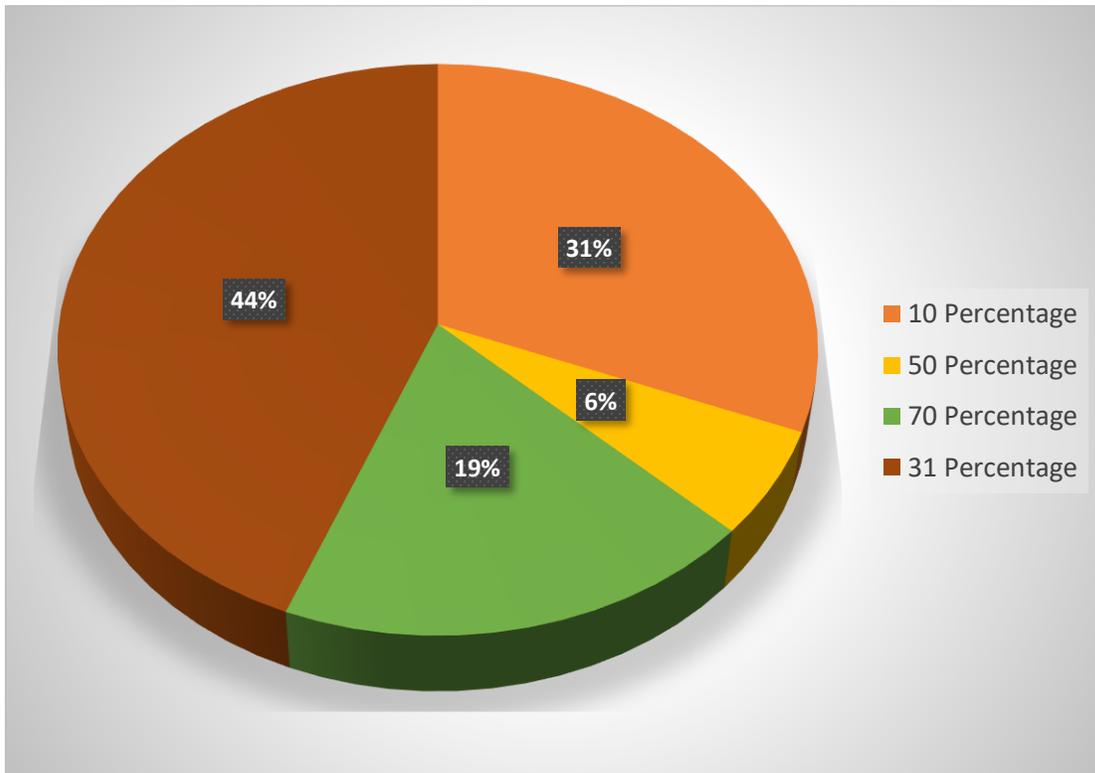

VII) Who founded Earth Day?

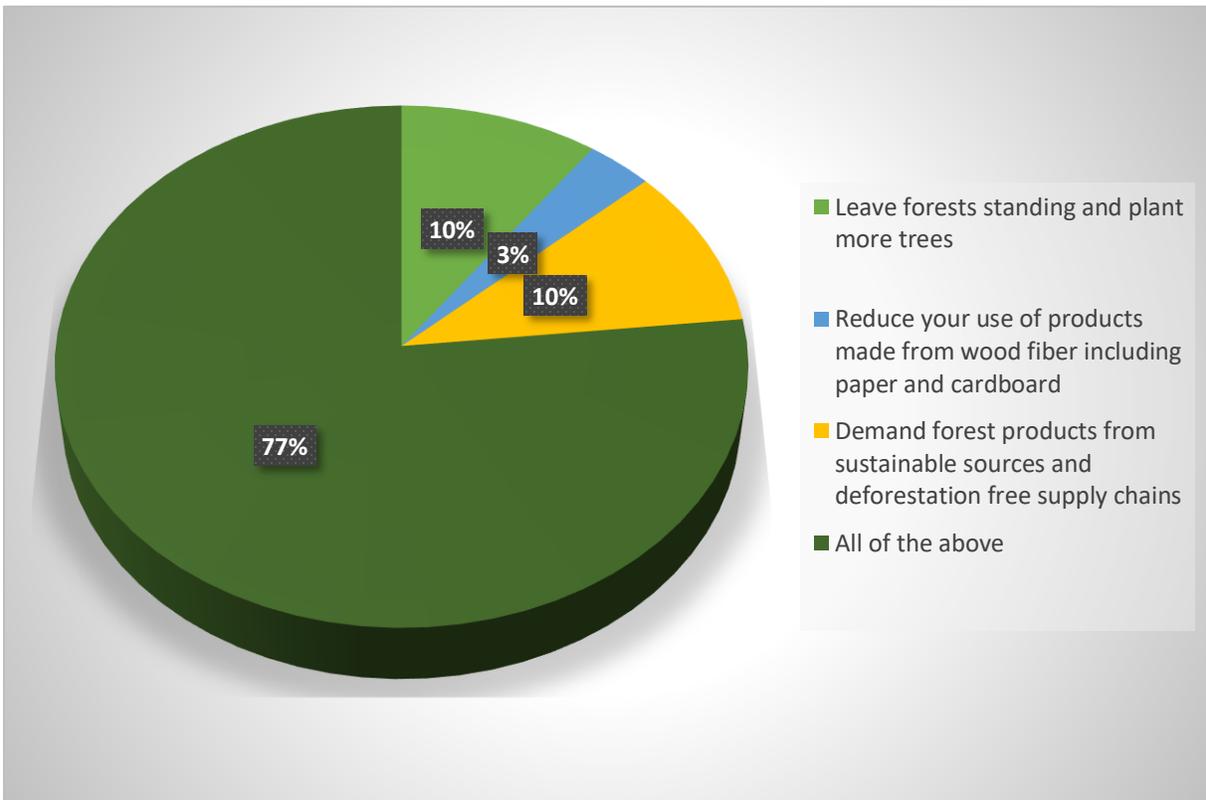

VIII) Which of the following is NOT a problem caused by deforestation?

IX) How much of the Earth's land is covered by forests?

X) What can you do to fight deforestation?

Annexure I

How well do you know your planet?

Earth Day Quiz

1. Your Name

2. What is the theme of World Earth Day 2020

1 point

Mark only one oval.

- Protect our species
- Climate change
- Climate action
- End plastic pollution

3. What are the causes of coral bleaching?

1 point

Mark only one oval.

- Water temperature
 - Pollution
 - Extreme low tides
 - All of the above
-

4. When was first World Earth Day was celebrated?

1 point

Mark only one oval.

- April 20, 1970
- April 20, 1980
- April 22, 1970
- April 22, 1980

5. What is the percentage of oxygen in the air?

1 point

Mark only one oval.

- 20%
- 78%
- 21%
- 98%

6. What is an endangered species?

1 point

Mark only one oval.

- A type of organism that is at risk of extinction.
 - A species found on land and in the ocean.
 - A species that is threatened by prey.
 - All of the above
-

7. Which one of the following series of layers of atmosphere is correct?

1 point

Mark only one oval.

- Stratosphere>Troposphere>Mesosphere>Thermosphere
- Stratosphere>Troposphere>Thermosphere>Mesosphere
- Troposphere>Stratosphere>Mesosphere>Thermosphere
- Troposphere>Stratosphere>Thermosphere>Mesosphere

8. Who founded Earth Day?

1 point

Mark only one oval.

- Gaylord Nelson
- Norma Alvares
- Amla Ruia
- Edward Abbey

9. Which of the following is NOT a problem caused by deforestation?

1 point

Mark only one oval.

- Loss of biodiversity
 - Hurting the economy
 - The harming of many indigenous peoples
 - They are all problems caused by deforestation
-

10. How much of the Earth's land is covered by forests?

1 point

Mark only one oval.

10%

50%

70%

31%

11. What can you do to fight deforestation?

1 point

Mark only one oval.

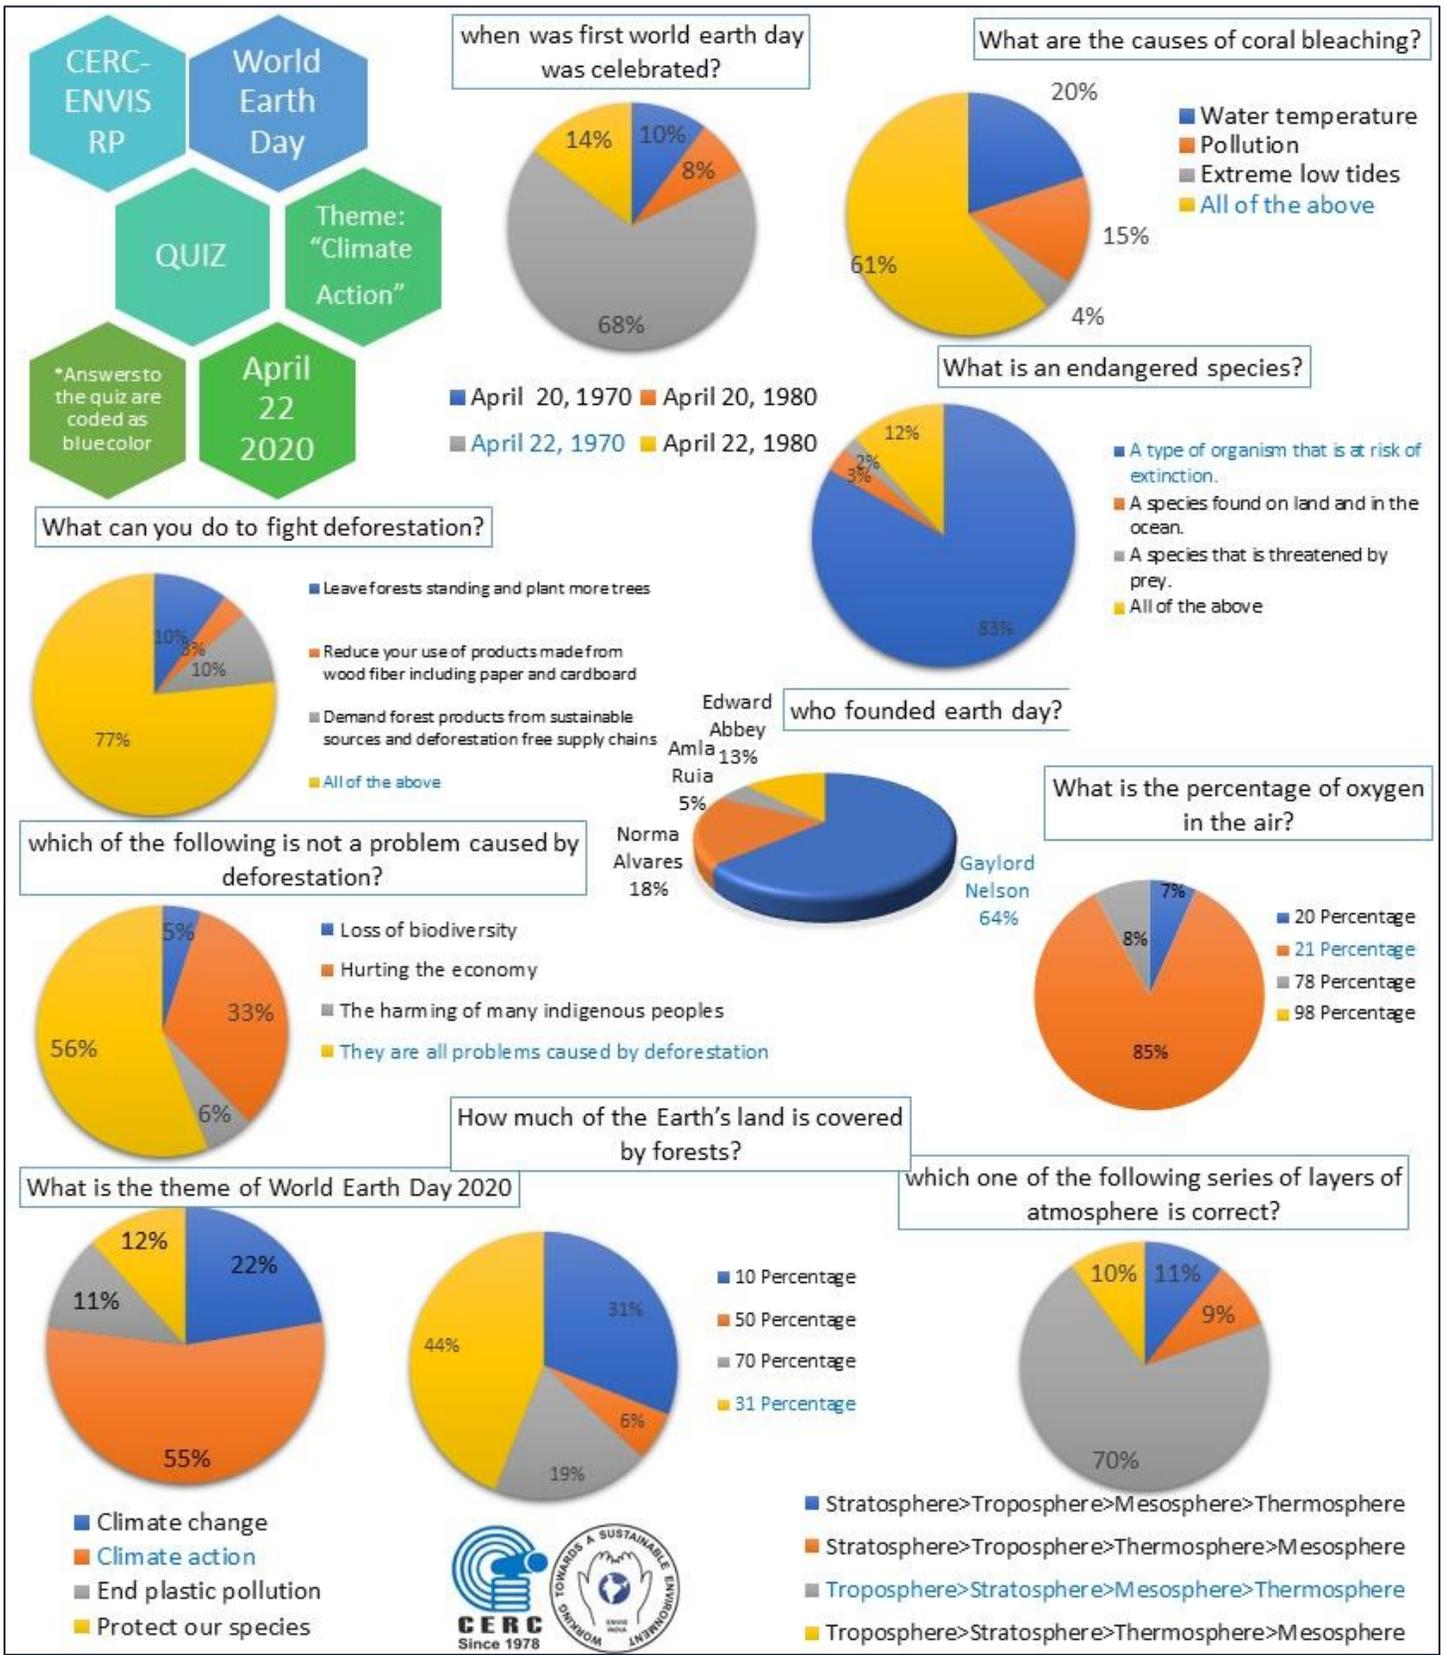

Leave forests standing and plant more trees

Reduce your use of products made from wood fiber including paper and cardboard

Demand forest products from sustainable sources and deforestation free supply chains

All of the above

Annexure II

Annexure III

WORLD EARTH DAY

Theme : "Climate Action"

Humans do not acquire the resources from our forebears we borrow it from our children.

Your Billion years old HOME needs your help.

Let us make every day EARTH DAY and conserve our planet.

Reuse the past, recycle the present, save the future.
