SPOT THE SPARROW

Average Life Expectancy: 4-5 Yrs

Flies at a speed of 24 miles per hour

Found in every continent except Antarctica, China & Japan

Length: 21 cm

Weight: 25-40 gm

Height: 16 cm

what we can do?

Hang artificial nests outside homes to give them a safe place for breeding & to roost. Put out a pot of water and spare some grains. Plant trees & hedges
